**Stewart - Calculus - Early Transcendentals 6e**

Success in calculus depends to a large extent on knowledge of the mathematics that precedes calculus: algebra, analytic geometry, functions, and trigonometry. The following tests are intended to diagnose weaknesses that you might have in these areas. After taking each test you can check your answers against the given answers and, if

**Exercises supplementing those in James Stewart's Calculus ...**

Exercises supplementing those in James Stewart's Calculus, Early Transcendentals, 8th Edition. This is a collection of exercises that I have put on homework sheets over the years in Math (H)1A, (H)1B, and 53, supplementing the exercises in the text. Some have assigned for the students to do and hand in; others I ...
